

# SMART CHARGE AMERICA™

## Software Acknowledgement for your SCA40 (powered by Xeal) EV Chargers

Smart Charge America has partnered with Xeal to deliver a white glove approach to helping our clients experience the greatest charging software on the planet.

**Annual software features include accurate energy metering, dynamic access control, software updates, and payment processing w/ automated rEVenue share model.**

- The first year of software is required to be paid upfront with purchase of our unit to Xeal.
- Xeal will handle all software implementation and future annual billing for a 5 year period.
- Xeal will follow up w/ software documentation for separate authorization & provisioning.
  - rEVenue share is 75% to Customer & 25% to Xeal.

*Ask your Smart Charge America representative to put you in contact with a Xeal team member to answer any software agreement related questions.*
